Quality Policy

Commitment to produce quality products
Establish good customer relationships and good services
Obtain customer satisfaction
By continuous development

Aeroflex Co., Ltd. is committed to produce quality products and establish good customer relationships and good services in response to customers' needs. In order to comply to the policy, the following is implemented:

1. Produce and sell quality products that meet the needs of customers, and to satisfy customers by improving the effectiveness of continuous quality management system.
2. Set up and maintain effective quality management system according to international standard.
3. Develop employees at all levels to have good relationship and good service with suppliers and customers with effective communication.
4. Control and monitor the management system to meet the needs of customers.
5. All levels of management and employees support the activities related to quality management and encourage every employee to participate in practicing quality policy.

Quality policy is used to define the quality objectives including the supporting plan in order to achieve the result effectively and to comply with the requirement of international standard ISO9001:2008. All parties must ensure that employees at all levels fully understand the quality policy and implement it consistently.

The Quality Policy is hereby announced in general for acknowledgement and is effective starting from March 15, 2013 (the announcement dated March 1, 2009 is cancelled).
